

## NEBULIZER COVERAGE CRITERIA

Nebulizers may be covered by insurance if they are medically necessary. Documentation to support that should include face-to-face notes and a standard written order.

**FACE-TO-FACE NOTES:** The patient must have a face-to-face clinical evaluation by the treating physician within 6 months prior to the date of the order. The notes must discuss that the patient is needing a nebulizer or a replacement and the medication that will be used through the nebulizer.

**STANDARD WRITTEN ORDER:** A valid order must be obtained prior to delivery and include a qualifying diagnosis code in order to qualify for a nebulizer machine and supplies.

**MEDICARE COVERAGE:** Medicare will only cover the cost of nebulizers and the supplies if the patient has a qualifying diagnosis code.

Nebulizers are covered if they are used to administer one of the following:

1. Albuterol, Budesonide, Cromolyn, formoterol, ipratropium, levalbuterol, metaproterenol, or revefenacin.
  - a. Must have obstructive pulmonary disease.
  - b. Group 8 Dx codes on LCD
2. Dornase alfa
  - a. Must have cystic fibrosis
  - b. Group 9 Dx Codes on LCD
3. Tobramycin
  - a. Must have cystic fibrosis or bronchiectasis
  - b. Group 10 Dx Codes on LCD
4. Pentamidine
  - a. Must have HIV, pneumocystosis, or complications of organ transplant
  - b. Group 4 Codes on LCD
5. Acetylcysteine
  - a. Must have persistent thick or tenacious pulmonary secretions
  - b. Group 7 Codes on LCD

*\* Frontier Home Medical does not provide the respiratory medication to be used with the nebulizer machines.*

**MEDICAID/PRIVATE INSURANCE COVERAGE:** Medicaid and most private insurances do not require specific codes for coverage, but typically require a J\* diagnosis code for coverage. However, the face-to-face notes must still support the need for the nebulizer and the medicine administered through the nebulizer.

**E-PRESCRIBE:** Frontier Home Medical makes ordering equipment easier with electronic ordering through Parachute. Visit our website ([FrontierHomeMedical.com](http://FrontierHomeMedical.com)) to learn more about Parachute and get started with electronic ordering.
